What to expect on your first visit

During your appointment here at Millennium Medical Management you will meet a number of staff members.

First you will be greeted by the **Front Office** staff who will take your personal information pertaining to your visit. This may include identification, insurance information, medical records and any x-rays, MRI's, or other diagnostic studies that you might have. Please arrive 30 minutes prior to your first appointment with your packet of new patient forms filled out. The Front Office staff may have a few additional questions or forms for you. It is especially important for you to arrive early if you are the first patient of the day or the first patient after lunch.

You will then be escorted to a room by a **Medical Assistant**. Our Medical Assistants have advanced training above and beyond that usually found in typical clinics. Millennium Medical Management advanced Medical Assistants have additionally earned the title of "**Patient Navigator**". This means that in addition to advanced training, they have experience in "navigating" patients through often complicated issues involving medical records, HIPAA regulations, scheduling tests, procedures and appointments.

The Medical Assistants, under direct supervision of our physicians, will take your blood pressure, heart rate, weight and record your level of pain at the time of the visit. We have created in-depth questionnaires that the Medical Assistants will go over with you that are an important part in your plan of care. Please cooperate with them as they are trying to provide the physician with the most pertinent information for your care.

Our Medical Assistants will assist Millennium Medical Management physicians and Physician Assistants in basic parts of the examination including testing strength, balance and coordination. The physician and/or Physician Assistant will test their findings with the patient and perform additional examination as necessary.

Next you may meet the **Physician Assistant** or **Nurse Practitioner** who is licensed by the State of Florida to practice medicine and advanced nursing under the supervision of Millennium Medical Management physicians. These PAs and NPs assist with surgeries, perform exams, order testing, prescribe medications and collaborate with Millennium Medical Management physicians on all patients in the practice (clinic and the hospital), and generally serve as 'physician extenders'. **WE ABSOLUTELY DO NOT PRESCRIBE NARCOTIC/OPIOD PAIN MEDICATIONS AT THE FIRST VISIT.**

Some patients may or may not see the physician at the time of their visit, depending on their needs and whether all necessary diagnostic tests and imaging are available for the physician to review. However, it is our intention each and every patient at each of their visits is seen by the physician, and a physician reviews the work of all staff during clinic. In compliance with state laws, all patients have the right to see the providing physician, and in the event that he is physically unavailable, and the patient does not want to see the PA/NP, we will be happy to reschedule to the next available appointment.

Our physicians establish the plan of care for each patient individually. The doctors and our mid-level providers have close professional and personal relationships and frequently discuss patient needs and issues whether they are in the office, hospital, home, etc. We have developed our office protocols after years of research, experience, and the latest published standards of care for our specialty. Our physicians' visits with you will be focused, in depth, and to the point. In providing the highest quality of care to the patients in our very busy clinic, this approach works very well.

If you are scheduling surgery or a procedure, you will meet the **Surgery Coordinator** or **Procedure Coordinator**. The Coordinator will guide you through all of the steps prior to your surgery date. They will review pre- and post-operative instructions fit you for any necessary braces or collars, schedule your pre-surgical clearance appointment with your Primary Care Physician, Internist, or Cardiologist, and are a resource person for your pre- and post-surgical questions.

The **Clinical Director** is responsible for the day-to-day hands on running of the clinic here in Viera. If you should have any questions or comments about process, please contact her as she works closely with the physicians and the rest of the team to ensure that your experience here is a positive one.

Expect **your initial appointment** to take up to 2 hours. If the surgeon has a complicated medical situation with another patient or an emergency, there may be a wait beyond your appointment time that may be as long as an hour. We work hard to keep wait times to a minimum and will advise you in advance when a wait can be expected.

Some of our new patients come to us because they attended one of our **educational symposiums** or seminars, or they may have been referred by another physician. **All new patients must complete the new patient packet of forms and bring it to their appointment.** Patient forms are available on our website at www.DeukSpine.com under *Resources*. **Our mission at Millennium Medical Management** is to fix back, neck and joint pain through a continuum of care philosophy in state-of-the-art facilities with world class surgeons and physicians. We want you to have exceptional service and the best medical care available anywhere, and *we pledge to put the Patient first.*

Assignment of Insurance Benefits; Appointment of Authorized Representative; Privacy; Payments; Appointments

Assignment of Insurance Benefits -- Appointment as Legal Authorized Representative: I (i) assign all applicable health insurance payments and benefits, and all rights and obligations that I and my dependents have under my health plan to the Millennium Medical Management, LLC ("Provider"); (ii) authorize payment of authorized insurance benefits, including Medicare, if I am a Medicare beneficiary, be made on my behalf to Provider; and (iii) appoint Provider as my authorized representative ("Authorized Representative") with the power to (i) file medical claims, appeals and grievances with the health plan; (ii) file appeals and grievances with the health plan; (iii) institute any necessary litigation and/or complaints against my health plan ***naming me as plaintiff in such lawsuits and actions if necessary*** (or me as guardian of the patient if the patient is a minor); and (iv) discuss or divulge any of my personal health information or that of my dependents with any third party including the health plan. I also understand that Provider is not responsible for the terms of the contracts which I have with my health benefit plan or insurance companies. I certify that the health insurance and coverage information I provided to Provider is accurate as of the date set forth below and that I am responsible for keeping it updated. I am fully aware that having health insurance and/or Medicare coverage does not absolve me of my responsibility to ensure that my bills for professional services from Provider are paid in full. I also understand that (i) I am responsible for all amounts not covered by my health insurance and/or Medicare, including co-payments, co-insurance, and deductibles; and (ii) with respect to Medigap/Secondary Insurance, should my insurance or not pay all or part of the secondary balance, I am responsible for all remaining allowed charges.

Authorization to Release Information: I authorize my Authorized Representative and any holder of medical or other information about me to (i) release any information necessary to my health benefit plan (or its administrator) regarding my illness and treatments (including the Social Security Administration or its Medicare Administrative Contractors if I am a Medicare beneficiary); (ii) process insurance and other payment claims generated in the course of examination or treatment; and (iii) allow a photocopy of my signature to be used to process insurance and other payment claims. This authorization will remain in effect until revoked by me in writing. I authorize Provider to discuss my **medical/health care** with the following family members or close friends:

Full Name: _____ Relation: _____ Phone: _____

ERISA Authorization: I designate, authorize, and convey to my Authorized Representative to the full extent permissible under law and under any applicable insurance policy and/or employee health care benefit plan: (i) the right and ability to act as my Authorized Representative in connection with any claim, right, or cause of action including litigation against my health plan (even to name me as a plaintiff in such action) that I may have under such insurance policy and/or benefit plan; and (ii) the right and ability to act as my Authorized Representative to pursue such claim, right or cause of action in connection with said insurance policy and/or benefit plan (including but not limited to the right and ability to act as my Authorized Representative with respect to a benefit plan governed by the provisions of ERISA as provided in 29 C.F.R. §2560.503-1(b)(4) with respect to any health care expense incurred as a result of the services I received from Provider and, to the extent permissible under the law, to claim on my behalf, such benefits, claims, or reimbursement, and any other applicable remedy, including fines. This authorization will remain in effect until revoked by me in writing. A photocopy of this Authorization shall be as effective and valid as the original.

Payment Policy; Out-of-Network Disclosure/Patient Acknowledgment of Responsibility: I understand that (i) Provider accepts most forms of payment including checks, debit cards, credit cards and credit facilities like CareCredit and MedFin; (ii) Provider reserves the right to charge 1.5% interest per month, compounded daily, after 90 days of non-payment on all outstanding balances; (iii) credit cards and other revolving credit programs have chargeback provisions to allow, for example, return of purchased goods, but that such chargeback features are not appropriate at Provider, such that I waive my rights for chargebacks; (iv) if a chargeback occurs, Provider may initiate legal action to recoup the charges and I will be responsible for all resulting legal fees and other appropriate expenses to recoup those charges; and (v) Provider will assess a \$50 fee on all checks that are returned as unpaid. I understand that Provider is an out-of-network provider and that, consequently: (i) I am responsible for the difference between charges and payments made by my health plan and any coinsurance and deductible required by my health plan; and (ii) Provider cannot waive any such patient responsibility.

Notice of Privacy Practices: I have reviewed the posted copy of Provider's Notice of Privacy Practices, which describes how my medical information may be used and disclosed and how I can obtain access to this information, and I understand that a copy for my records is available upon request.

Cancellation and No Show Policy

At Millennium Medical Management our goal is to provide quality medical care to you and the rest of our patients. In an attempt to be fair to all patients seeking our care, we have implemented a Cancellation and No Show Policy. If you must cancel an appointment for an office visit, we ask that you please call at least 24 hours prior to the appointment, or earlier if possible. Canceled office visits less than 24 hours before the appointment mean we cannot usually fill the appointment with another patient. If you fail to call and are a “no show”, your appointment slot cannot be filled and means more costs for our practice, so please call us if you need to cancel an appointment.

To cancel an appointment, call Patient Services at 321-751-3389 or 1-800-349-6922 (1-800-FIX-MY-BACK). Each cancellation and /or “no show” is tracked in our system and you will receive a cancellation number. Repeated cancellations or ‘no shows’ may require us to discharge you from the practice.

Smoking Acknowledgement

In the event that surgery is recommended, I _____ acknowledge that I am _____ non-smoker _____ smoker. Smoking is associated with an increased risk of pseudo-arthritis and other surgical complications. I will refrain from tobacco use for at least six (6) weeks prior to any planned surgery.

Mutual Agreements, Consents and Resolution of Concerns

1. Privacy and Ratings

Millennium Medical Management agrees not to provide medical information for the purpose of marketing directly to Patient. Regardless of legal privacy loopholes, Millennium Medical Management will never attempt to leverage its relationship with Patient by seeking Patient's consent for marketing products for others.

We want your feedback. If our office gets it right, tell us. If we could do something better, tell us. We take quality improvement seriously. While there are scores of "rating sites" in cyberspace, many fail to provide useful information. Let's get it done right. We can make recommendations as to which sites follow minimum standards for fairness and balance. Just ask us.

Millennium Medical Management has invested significant financial and marketing resources in developing the practice. Nothing in this Agreement prevents a patient from posting commentary about Millennium Medical Management - our practice, expertise, and/or treatment - on web pages, blogs, and/or mass correspondence. In consideration for treatment and the above noted patient protection, if Patient prepares such commentary for publication on web pages, blogs, and/or mass correspondence about Millennium Medical Management, the Patient exclusively assigns all Intellectual Property rights, including copyrights, to Millennium Medical Management for any written, pictorial, and/or electronic commentary. This assignment shall be effective at the time of creation (prior to publication) of the commentary.

This Agreement shall be for a period of five years from Millennium Medical Management's last date of service to Patient. Millennium Medical Management requires all patients in its practice to sign the Mutual Agreement to establish that any anonymous publishing or airing of commentary will be covered by this agreement. Further, this Agreement will survive for a minimum of three years beyond any termination of the Millennium Medical Management - Patient relationship.

Patient and Millennium Medical Management acknowledge that breach of this Agreement may result in serious, irreparable harm. Patient and Millennium Medical Management agree to the right of equitable relief (including but not limited to injunctive relief). Should a breach of this provision result in litigation, the prevailing party in the litigation shall be entitled to reasonable costs, expenses, and attorney fees associated with the litigation.

2. Surgical Consent Modification

We recognize that you have a choice in receiving care. We take great pride in our reputation for providing the highest levels of quality medical care to our patients. However, we realize there are times when some patients might not be satisfied with the outcomes of their treatments.

Every patient has a right to file a complaint with the Division of Medical Quality Assurance, Board of Medicine. But, that right is not unlimited. For example, those who file complaints in bad faith can be subject to civil liability (Florida Statutes§ 456.073 (11)). In the context of balancing your rights with those of the physician, I, the patient, agree to the following:

1. If a complaint related to my care is ever filed (by my agent or me) with the Division of Medical Quality Assurance, I will only do so in good faith, addressing matters only related to my health and welfare.
2. In particular, I understand that there are risks inherent to any surgical procedure and these risks have been explained to me prior to the procedure. I have signed that consent voluntarily and with my free will. And I have had an opportunity to ask questions and have them answered to my satisfaction. In that context, a complaint to the Division of Medical Quality Assurance, founded on any such realized risks, unless there is clear and convincing evidence to the contrary, will be construed as bad faith.
3. Next, should a complaint be filed with the Division of Medical Quality Assurance related to standard of care, I, the patient, will explicitly request that the complaint be reviewed by a member of my specialty; that specialty being Neurosurgery, Spinal Surgery, Orthopedic Surgery, Pain Management or Neurology.
4. Finally, should the complaint allege facts that can be disrupted by the clear medical record, I, the patient, will voluntarily withdraw my complaint if that portion of the medical record is drawn to my attention. I will have the right to inspect and review the medical record to correct any perceived error in the medical history. Such corrections must be performed within two weeks of the treatment received

3. Resolution of Concerns

I understand that I am entering into a contractual relationship with Physician(s) of Millennium Medical Management for professional care. I further understand that meritless and frivolous claims for medical malpractice have an adverse effect upon the cost and availability of medical care to patients and may result in irreparable harm to a medical provider. As additional consideration for professional care provided to me by Physician, I, the patient/guardian and/or my representative, agree not to initiate or advance, directly or indirectly, any false, meritless, and/or frivolous claim(s) of medical malpractice against Physician.

Furthermore, should a meritorious medical malpractice case or cause of action be initiated or pursued, I (the patient) and/or my representative agree to use American Board of Medical Specialties ("ABMS") board-certified expert medical witness (es) in the same specialty as Physician. Furthermore, I agree that these expert witnesses will be members in good standing of and adhere to the guidelines and/or code of conduct defined

for expert witnesses by the American Board of Neurosurgery, American Board of Interventional Pain Management, American Academy of Pain Management, American Board of Electrodiagnostic Medicine, American Board of Physical Medicine and Rehabilitation, American Board of Orthopaedic Surgery and American Board of Psychiatry and Neurology.

Patient/guardian and Physician acknowledge that monetary damages may not provide an adequate remedy for breach of this Agreement. Such breach may result in irreparable harm to Physician’s reputation and business. Patient/guardian and Physician agree in the event of a breach to allow specific performance and/or injunctive relief.

4. Waiver

Article 1, Section 21 of the Florida Constitution reads as follows: Access to court – The courts shall be open to every person for redress of any injury, and justice shall be administered without sale, denial or delay. The Undersigned patient understands and acknowledges that: I have been advised that signing this waiver releases an important constitutional right; and I have been advised that I may consult with counsel before signing this waiver; and by signing this waiver I agree that if any controversy arises out of or in any way relating to the current, future or past diagnosis, treatment, or care that I have or will receive from Millennium Medical Management, LLC, it’s physicians, agents or employees, the maximum amount of any non-economic damages that can be awarded in any such action will be \$250,000. This limit applies regardless of the number of claimants or defendants in the proceeding. There is no limit on the amount of economic damages that a jury may award; and I have three (3) business days following execution of this waiver in which to cancel this waiver; and I wish to engage the medical services of Millennium Medical Management, but I am unable to do so because of the provisions of the constitutional limitation set forth above. In consideration of the physician or group of physicians’ agreements to provide medical services to me and my desire to receive medical services from the physician or group of physicians listed below, I hereby knowingly, willingly, and voluntarily waive the right, in an action in a court of law for any controversy, including any malpractice claim, arising out of or in any way relating to the diagnosis, treatment, or care of the patient by Millennium Medical Management, including any partners, agents, or employees of the physician, to recover non-economic damages in excess of \$250,000; and I have selected Millennium Medical Management as my physician group of choice in this matter and would not be able to retain their medical services without this waiver; and I expressly state that this waiver is made freely and voluntarily, with full knowledge of its terms, and that all questions have been answered to my satisfaction. I understand that this waiver will remain in effect for one year from the date that I have signed this form.

ACKNOWLEDGEMENT BY PATIENT FOR PRESENTATION TO THE COURT

The undersigned patient hereby acknowledges, under oath, the following:

I have read and understand this entire waiver of my right under the constitutional provision set forth above. I am not under the influence of any substance, drug, or condition (physical, mental, or emotional) that interferes with my understanding of this entire waiver in which I am entering and all the consequences thereof. I have entered into and signed this waiver freely and voluntarily.

I authorize Millennium Medical Management to present this waiver to the appropriate court, if required. Unless the court requires my attendance at a hearing for that purpose, Millennium Medical Management is authorized to provide this waiver to the court for its consideration without my presence.
